

DIGITAL & AI ILLUSTRATION CAMP

From free-hand doodles to AI-generated art

LOGISCOOL DUBAI

A 5-SESSION CREATIVE JOURNEY

Kids explore drawing, color, style, animation and artificial intelligence — then exhibit their own creation.

1

Freehand & Digital Drawing

Sketching basics, doodle games, speed-sketching challenges

Tools: pencil & paper, JS Paint

2

Colors & Pixel Art

Color theory, color harmonies, mixing games, pixel art design

Tools: Pixilart, TryColors

3

Composition, Styles & 3D

Composition rules, world drawing styles, avatar creation, 3D modeling

Tools: Canva, Leopoly 3D

4

Animation & AI Art

Animation principles, block-based animation, intro to AI, prompt art

Tools: Scoolcode, AutoDraw, Adobe Firefly, AI image generators

5

Final Project & Virtual Exhibition

Students build their own illustration project

Showcased in an online virtual gallery (Artsteps)

Code your future. Draw your imagination.
